

## Adobe Premiere Pro CC - 2 days

### Course Aim

Learn the key techniques for working in Premiere Pro. Learn how to edit video and get the most out of your workflow.

Take a project from beginning to end and learn to organize media, add audio, create transitions, produce titles, and add effects.

Take your projects further by sweetening and mixing sound, compositing footage, adjusting color, using advanced editing techniques, managing projects, exporting, and much more.

### Course Prerequisites

Previous experience using a PC or a Mac at a basic level is an essential prerequisite for this course.

### Course Duration:

Two days: 9:00am - 4:30pm

### Inclusions:

- Each participant will receive a comprehensive printed course book + Web Edition, and also relevant exercise files.
- Unlimited Post training Help Desk Support via email or phone.
- Free Course Customisation.

### What to Bring:

- Note pad & Pen.
- Examples of work from the office.
- Participants are encouraged to bring along a USB flash drive if they want copies of the work done during class.

### Course Topics:

#### Adobe Premiere Pro CC Workspace

- Getting started
- Performing nonlinear editing in Premiere Pro
- Looking at the standard digital video workflow
- Premiere Pro Workspace

#### Working with Projects

- Getting started
- Setting up a project
- Setting up a sequence
